Yard and Lot Maintenance

For all developed residential and commercial lots: all premises and exterior property shall be maintained free from weeds or plant growth in excess of twelve (12) inches in height and untended vegetation.

In addition to mowing, please make sure that you edge along the sidewalks, to prevent tripping hazards and edge along the curb to keep obstructions to the natural flow of storm water going.

For all undeveloped residential and commercial lots (no buildings): shall keep that portion of the property abutting and within ten feet of any improved lot, sidewalk, street or bicycle path free and clear of all fallen trees and limbs and all untended vegetation, grass and undergrowth therein shall be cut to a height not exceeding of twelve (12) inches.

Untended vegetation is defined as dead trees, hedges, or dense growth of trees, vines, or other vegetation shall be removed from the property.
