OBSTRUCTING SIDEWALKS & PARKAGE AREAS

It is against the City of Rockledge code to either partially, or completely block any sidewalk.

The city code forbids the mounting of any equipment in the parkage area (between the sidewalk and the street). Temporary basketball hoops are not allowed to be stored in this area. Please move back to the residence when not in use.

It is illegal to place goods, wares, or merchandise for sale on any public street, or right of way.

No person shall use the street or sidewalk area for the purpose of storing junk, abandoned vehicles, nor for the storage of vehicles for the purpose of sale.

Please do not drive across sidewalks without first taking proper precautions to avoid the breaking of the sidewalk, nor is it permitted to park a vehicle so that it blocks the sidewalk.

No person shall plant any tree or shrub in the area between the sidewalk and the street (parkage area) without first obtaining a permit from the city.
